ii The number of DIS Shares to be distributed to the Shareholders for every one (1) KCL Share held by an Eligible Shareholder is calculated based on the assumption that the Company's issued and paid-up share capital on Closing would be 1,751,941,293 KCL Shares (excluding treasury shares) which is the number of KCL Shares (excluding treasury shares) of the Company as at the Latest Practicable Date, and on the further assumption that 33,436,214,314 DIS Shares will be distributed to Eligible Shareholders.

iii Based on (a) the assumption that 36,848,072,918 SCM Shares will be issued by Sembcorp Marine to the Company representing 54% of total number of SCM Shares on a fully diluted basis immediately after Closing, (b) the SCM Shareholders holding 31,389,099,152 SCM Shares, representing 46% of the total number of SCM Shares on a fully diluted basis immediately after Closing which, for the purpose of this computation, is the same number of SCM Shares held by the SCM Shareholders as at the Last Market Day, and (c) an issue price of S\$0.122, being the volume weighted average price of SCM Shares for the last 10 trading days up to and including the Market Day immediately preceding the date of the Original Proposed Combination Announcement (the "Sembcorp Marine Reference Issue Price"). The number of DIS Shares to be distributed for every one (1) KCL Share held by an Eligible Shareholder is calculated based on the assumption that Company's issued and paid-up share capital on Closing would be 1,751,941,293 KCL Shares (excluding treasury shares) which is the number of KCL Shares (excluding treasury shares) of the Company as at the Latest Practicable Date, and on the further assumption that 33,436,214,314 DIS Shares will be distributed to Eligible Shareholders.

iv Per value share is calculated based on the Company's issued and paid-up share capital of 1,751,941,293 KCL Shares (excluding treasury shares) as at the Latest Practicable Date.

v Based on the carrying value of the Identified Asset Co Assets in the unaudited consolidated financial statements of KOM Group for the half year ended 30 June 2022. The Asset Co Consideration will be adjusted as at completion of the Asset Co Transfer based on the pro forma balance sheet as at the date of completion of the Asset Co Transfer.

vi Pro forma estimate of the value attributable to the KOM Consideration Shares, calculated based on (a) the assumption that 36,848,072,918 new SCM Shares will be issued by Sembcorp Marine to the Company representing 54% of the issued and paid-up share capital of Sembcorp Marine on a fully diluted basis immediately after Closing, (b) the SCM Shareholders holding 31,389,099,152 SCM Shares, representing 46% of the issued and paid-up share capital of Sembcorp Marine on a fully diluted basis immediately after Closing which, for the purpose of this computation, is the same number of SCM Shares held by the SCM Shareholders as at the Last Market Day, and (c) an issue price of S\$0.122 (being the Sembcorp Marine Reference Issue Price), being the Volume Weighted Average Price of SCM Shares for the last 10 trading days up to and including 26 April 2022, being the market day immediately preceding the date of the Original Proposed Combination Announcement. For the purpose of determining the aggregate value attributable to the KOM Consideration Shares on Closing, the Company will account for the actual value of the 54% equity interest in Sembcorp Marine based on the last traded price of the shares of Sembcorp Marine on the first trading day immediately following Closing and the actual number of SCM Shares to be issued on Closing.

vii This is computed on a pro forma basis, based on the carrying values of the assets as at 31 December 2021.
